

Honey Vintage™ WL

在Honey Vintage™基础上添加暖感的自然面料

- 纤维一根根地松开，从而丝线间会产生缝隙，并且加工后有小绒毛一样的起毛，因此给人温暖和膨胀的感觉。
- 具有羊绒般温暖的质感和光滑的手感，而且兼具因丝线收缩而显现出的适度拉伸弹性。
- 通过把丝线原有的特色引导出来，从而保持了自然的外观，摸起来柔软中又带着排斥感。

Honey Vintage™ WL

Natural fabric with a warm feeling added to honey vintage

- When each fiber is loosened, a gap is created between the threads, and there is a feeling of fine, downy hair-like hair, which gives a feeling of warmth and swelling.
- It has a warm texture like cashmere, a smooth touch, and a moderate stretch developed by the contraction of threads.
- By drawing out the original characteristics of the thread, it has a soft yet repulsive texture while maintaining a natural look.
